ORDER CLARIFYING FILINGS UNDER SEAL

When this lawsuit was filed, the Court, pursuant to Tennessee Code Annotated section 56-9-202(a), placed certain filings under seal to keep them confidential during the time that the Commissioner sought and effected seizure, and during the time the Respondents had under the statute to seek a private, in-chambers hearing. Now that seizure has occurred and an opportunity for an in-chambers hearing has passed, it is ORDERED that the seal is lifted as to all filings in this case, with two exceptions, as follows.

Counsel for Petitioner and Respondents have reviewed the entire court file and have identified, confirmed and agreed that there are attachments to the (1) March 31, 2010 Motion For Immediate Payment and (2) to the April 5, 2010 Affidavit of Richard

Bachman which contain confidential information of persons not parties to this lawsuit.

The confidential information was marked and shown to the court clerk. As to those attachments identified by counsel to the clerk it is ORDERED that they are placed under seal.

Chancellor Ellen Hobbs Lyle
